

PITTABLE CONDITION

Of Austrian Laborers, Owing to the Fact That America is Protecting Her Own Wage Earners Against Their Competition.

VIENNA, Feb. 29.—It is estimated that 5,000 shoo makers, 3,000 carpenters, 1,500 metal workers, 7,000 stone workers and 2,500 unskilled laborers are out of work. A reporter who accompanied the relief committee on their rounds to-day witnessed scenes of abject poverty and misery which it would be hard to match in the squalid courts of London. As an alleged result of the McKinley law 12,000 peasant workers were thrown out of employment and are now classed as unskilled workmen, the Austrian laws prevent embracing a new trade without serving new apprenticeship, which is impossible in the case of adults burdened with families.

The result is that a majority of the bulk of workers are left in pitiable plight. Whole families are living and working in single rooms, earning a few shillings weekly, and in daily fear of being evicted for arrears of rent. In one instance the father of a family declared that he would commit suicide if his family would do the same. In a so-called model dwelling, called "the harbor," from its cellular structure, 700 souls were found occupying 21 rooms. Hungry, stunted children swarmed at the entrance. The air in the rooms was fetid, and in many cases the rooms were bare, the furniture having been pawned to provide food. All the occupants appeared to be suffering from grinding poverty. Many shocking cases of "sweating" were brought to light.

WHISKY TRUST OFFICERS

And Board of Directors All Being Arrested by the United States Government.

CHICAGO, Feb. 29.—It is at last definitely known that the federal grand jury at Boston, on February 11, indicted all of the officers and directors of the Cattle Feeding and Distilling Company, better known as the Whisky Trust, for violating the Sherman anti-trust law. To-day United States Marshal Hitchcock's deputies are engaged in serving warrants for the arrest of the indicted men. The following named persons are to be arrested: Joseph B. Greenhut, of Peoria, president of the trust; Herbert L. Terrell, of New York, vice president; William N. Hobart, of Cincinnati, treasurer; Warren H. Corning, of New York, secretary; Lewis E. Greene, of Cincinnati; Nelson H. Morris, of Chicago, directors. Hennessy is also secretary. He was arrested this morning. The other warrants issued in this city are for Greenhut, Gibson and Morris. Gibson is supposed to be in this city. Greenhut is in Peoria, but Morris is in California.

Word has been received from Peoria that Mr. Greenhut was arrested this morning and gave bail there in the sum of \$10,000 for his appearance before the United States Court in Boston next Monday.

Mr. Hennessy appeared before United States Commissioner Haine this afternoon and was released on \$10,000 bail.

It was decided to make the arrests at this time as Mr. Greenhut contemplated going on a visit to Europe within a day or two.

Schinick, Democrats, and W. S. Hough, Republican. The following appointments were made to fill the vacancies: Ralph K. Page, of Lake; Henry B. Parkins, of Trumbull; W. S. Hough, of Summit; George D. The Right Sort of a Governor. Special Dispatch to the Intelligence.

COLUMBUS, O., Feb. 29.—Gov. McKinley will not stand fake investigations, and has returned the report of John Doren and Dr. Wilson, of the State board of charities, who investigated the charges of cruelty in the Athens asylum. The report was simply a whitewash, and Gov. McKinley, knowing the sentiment of the people, rebukes Doren by ordering another and more thorough investigation.

That Clarksburg Liar. Special Dispatch to the Intelligence.

The Clarksburg correspondent of the Cincinnati and Pittsburgh papers, who is known as the prince among liars, got a local from this paper two weeks ago, and after garbling it beyond recognition, sent it as a special telegram from Clarksburg to his city patrons. As

only one copy of our paper goes to Clarksburg (the Clarksburg News), we would like to ask if that lying news telegrapher is an inmate of that office.

THE SEAL FISHERIES TROUBLE.

To Be Settled By Arbitration—No More Cause for War With Great Britain.

WASHINGTON, D. C., Feb. 29.—The negotiations between the United States and Great Britain looking to the submission to arbitration of the long pending controversy between the two countries in regard to the Bering Sea seal fisheries, reached a favorable conclusion to-day. Sir Julian Pauncefote, the British minister, met Secretary Blaine by appointment at the state department to-day, and signed the treaty of arbitration on behalf of Great Britain. He had been fully authorized by Lord Salisbury to take this action. Mr. Blaine signed the document on behalf of this government and the matter was consummated so far as the diplomatic part of the business is concerned. The treaty is still subject, however, to the action of the British parliament and the United States senate. The exact terms of the treaty cannot now be stated, but it is known that the board of arbitration will consist of seven persons, two representing the United States, two representing Great Britain (one of whom is to be a Canadian), and one each representing the neutral governments of France, Sweden and Italy.

BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

The question of providing more money to properly complete the pikes now in course of construction is the most interesting one now occupying the minds of the public, especially the tax paying portion. Messrs. George M. Wise, I. H. Day and others who have personal knowledge of the character of the work from superintending a portion of it and inspection of part of the balance are heartily in favor of the movement to provide \$30,000 more for use this summer in putting more stone upon the roads now made and finishing all of them, and it is argued that the additional stone on the roads this spring after a winter's use with only a partial covering of stone will make the pikes that much better. The petitions will be numerous signed, though there is some opposition to allow any more money, notwithstanding five and a half miles of the system of pikes cannot be stoned at all with the money now provided, and it is not likely these people could be taxed for a pike if they don't get it. There really seems to be no way out of providing more money to complete the work.

Six councilmen and five assessors are to be nominated at the Republican primaries to be held on Thursday evening, in addition to selecting delegates to the city convention, and all good Republican citizens should be at the polls. If there are any bad ones it is not important whether they attend or not. Mayor McGowan will have no opposition at the primaries in the selection of delegates, Squire Mason will take his chances for the delegates are chosen, but for marshal there is a great contest between John Strobel, James Johnston, Henry Bahra and Donald McDonald, and the winner is not easily picked. The contest for this place overshadows all the other places. D. C. Shepherd, in case of a deadlock in the convention, would take the marshalship again if tendered to him; but the marshal and mayor have not pulled together very well and he is not making a fight for the place.

It has just leaked out that during the athletic exhibition here last week a fellow named Smith, from Martin's Ferry, put on the gloves with Johnny Muth after the exhibition for a friendly bout, but the claret was drawn from John's nose and one of his eyes blackened before he seemed to realize that there was a man behind the other gloves. When he did arouse from his lethargy the friends of Smith gathered him up from the floor all covered with gore, but there was no more spar in him. It was oozing out at his nose and mouth.

James A. Wells and S. J. Tappan, formerly of this city, but now of Findlay, have been sued by G. J. R. Montague, of New York, for \$100,000 damages for defamation of character. Wells & Tappan are in the window glass business and the suit grows out of some boom deals with Montague.

The window glass men of this city have begun to talk of consolidating their interests and building a large tank furnace in the vicinity of town. This would necessitate the winding up of the business of each of the present companies, and is not likely to succeed soon.

AFTER TWENTY YEARS.

Mr. Frank Curtis States His Case in Full.

The Following is His True Statement in Detail.

"Twenty years is a long time, is it not? But it is at least that long since that my trouble dates back, that I have carried the burden of misery within myself."

MR. FRANK CURTIS.

The speaker was Mr. Frank Curtis, of No. 1166 High street, Wheeling. "I do not remember the exact date when my trouble began, but it dates back about twenty years, and means I can tell anything about it," continued Mr. Curtis.

"My father says I was run over by a wagon on the streets of Baltimore, when I was a small child. I almost died from the effects of my injuries, but, on regaining my health again, I was left deaf in both ears, remaining thus until November 1, 1891, when I called on Drs. Copeland & Bell and placed myself under their care. I had continual ringing and roaring, and sounds in my ears similar to that of a train of cars, and at times a terrible pain in my head.

"Cathart finally set in, and my nose would stop up so tight that I was compelled to breathe through my mouth to get air. Constant dropping of mucus from my head into my throat, kept me hawking and spitting most of the time. Two years ago my nose and throat got so bad, I would frequently cough so hard I would spit blood as a result. I had no appetite, and what I did eat disagreed with me, causing terrible pain in my stomach, bowels and back. I grew so weak and emaciated I was hardly able to work, would feel more tired in the morning than the night before on going to bed. I can now eat a good, hearty meal and sleep it can do a hard day's work with pleasure, which was a continual drag heretofore; can hear an ordinary conversation and can heartily recommend any one suffering as I have done, to try these eminent specialists at No. 1121 Main street, and be relieved.

The above statement can be easily verified at 1121 High street, Wheeling.

DOCTORS COPELAND & BELL have located permanent offices at 1121 Main street, Wheeling, W. Va., where they treat with success all curable cases. Office hours—9 to 11 a. m., 2 to 6 p. m. and 7 to 9 p. m. Sundays, 9 a. m. to 12 m., and 1 to 4 p. m. Specialties—Catarrh and diseases of the Eye, Ear, Throat and Lungs. Consult free. Address all mail to DRs. COPELAND & BELL, 1121 Main street, Wheeling, W. Va. Treatment, including medicine, \$5 a month.

MARTIN'S FERRY.

Masked Ball—For Township Clerk. Dogs—Personal and General.

Notwithstanding the rain and mud last night the masked ball of the Martin's Ferry Menorcher, at the hall on Washington street, was a great success. About 300 invitations were issued and fully that number of persons were present. About 200 persons appeared in masks, the variety of which was the greatest ever seen in this city. Some of the masks were magnificent, while others were comic and ridiculous. The grand march began at 9:30 and was a grand sight. Charles Fetterer was floor manager and Henry Burke was the assistant. Music was furnished by Falloure's orchestra.

La Grippe Successfully Treated.

"I have just recovered from a second attack of the grip this year," says Mr. James O. Jones, publisher of the Leader, Mexico, Texas. "In the latter case I used Chamberlain's Cough Remedy, and I think with considerable success, only being in bed a little over two days, against ten days for the first attack. The second attack I am satisfied would have been equally as bad as the first but for the use of this remedy, as I had to go to bed in about six hours after being 'struck' with it, while in the first case I was able to attend to business about two days before getting 'down.'"
